

## Help Me Educate My Clients About How They Are or Are Not Eligible And What to Do Next

We are trial lawyers. Our model is to quickly screen clients so that we can prepare them for court. We utilize pro-bono attorneys when we have a lot of cases to handle.

**-Maya Shepherd**

### Determining Eligibility

"I need the wizard to help me get to a determination quickly so that I can explain to my clients. It is missing a lot of references to the statute. I need the statute. But even more importantly, I need a way to, when I am sitting down with my clients, to help me explain how I got to my determination and what other steps they can take next after they leave my office."

### Intake form

"We have our own case management and client referral. When we are at capacity, we refer to DC Law Students in Court."

### Court Motion Assembly

"Not Asked."
