

## Help Me Help My Pro-bono Lawyers

LAW STUDENTS  
IN COURT

We are trial lawyers. Our model is to quickly screen clients so that we can prepare them for court. We utilizes pro-bono attorneys when we have a lot of cases to handle.

### **Determining Eligibility**

"We don't need a wizard. We know the law. Maybe our pro-bono attorneys we work with could benefit from something that they can quickly double-check their legal determination. But they need to be looking at the statute. Our pro-bono attorneys need resources to help them complete the process. The wizard is not that. But there could be other helpful tools from CleanSlate."

### **Intake form\***

"Yes, we want *MORE* clients. We don't need to ask alot of questions. We just need basic info to get the criminal record"

### **Court Motion Assembly\*\***

"Yes, there are certain motions that could be automated, and we would like that."
