

## Help Me Help My Clients Petition the Court for a Motion to Seal

We are a legal clinic. Our model is to represent clients (only a small number). There are so many who need help going through the process once they find out they are eligible from us.

**-Jessica Steinberg at GWU Law school**

### **Determining Eligibility**

"We would not use the wizard. Our students need to learn the law; they need to look at the statute."

### **Intake form**

"We only take 1-3 cases per term, if any. We don't need new cases."

### **Court Motion Assembly\***

"Yes, I would be personally willing to advise you to make a site that helps our clients assemble all the documents they need to do the motion pro-se".
